PROPRIETOR'S GOODWILL MESSAGE

Today marks the 16th year of our existence as an academic institution; Glory and honour for our Lord Jesus Christ who makes it possible for everyone of us to be among the living, not because we are righteous but is by the grace of God. I will by this appreciate our parents, our invited guests and everyone present here today.

The management of the school has remained focused especially in the area of learning and the successes had from all internal and external examinations. The teachers' important tools in the impartations of proper teachings into the students/pupils have shown a high level of diligence which will forever remain indelible in my heart.

Each year I look back at what the children have achieved and how far they have all come. I want to congratulate all; you are wonderful young people especially the graduating students in achieving a great milestone in your life. We know that you have been working on your collaborative journey also over the last couple of years and we feel most of you are well prepared for what lies ahead in your next stage of learning.

Thank you to all the active staff members for efforts over the years, which have both developed their leadership skills in our school and have given greatly of themselves to the betterment of our school a huge thank you! It has been a pleasure to have seen the growth of the school in the last couple of months for the first time, we have been proactive in professionalizing the School Management Board, setting clear direction and high expectations, all revolving around quality teaching and learning.

Thank you to the Parents Teachers Association who has given their time and talents as an advisory group. It has been great working with you to ensure that our children have an absolutely brilliant experience here at Freedom Assembly Group of Schools and to also bring to your notice that the school has taken a bold step in rebranding the school and her uniform.

We have a number of families represented here who have been a part of the school for a very long time now, and have come to the end of a long chapter due to the graduation of their children, many thanks to you all for your contributions to the school. The school is certainly better for having you as part of the school family

I would like to conclude by wishing all our graduating students the very best for their time at the Freedom Assembly Group of Schools and in their future endeavors.

You have all worked so very hard, and will continue to do so. You are a special group, who has so much to offer. Remember to take the Freedom Assembly Group of Schools learner's characteristics with you as you carry on the through life, show to the world you care. Be achievers in all your endeavors and work hard, communicate effectively through any means possible, and continue to make those meaningful connections in order to develop as a unique individual you have always been. Try to remember that, as you face future challenges, you are not alone, we will be praying for you. There are good things waiting for you just around the corner, so step out with God's confidence and take new opportunities in your stride. Remember you are a leader. When you lead others follows. Keep up the absolutely brilliant work; keep striving to always do your best.

Lastly, in addition to all the scholarships the students are benefiting plus the recent one (20% discount on tuition) to our regular parents/guardians and stakeholders who will bring new pupils and students to our school come September this year and also the first 50 parents to pay on or before September 16, 2022 will attract 10% off tuition.

Congratulations and happy graduation to our new scholars.

**BISHOP DR
ABRAHAM CHIGBUNDU**

Welcome Address

BY THE PRINCIPAL

PASTOR MRS JOSEPHINE IYAMU(JP)

The proprietor and proprietress, Bishop Dr and Rev. Mrs. Abraham Chigbundu; The honorable commissioner for education, Hon. Joan Osa Oviawe, the chief inspector of education Oredo local government area, Josephine Obazee, Our distinguished chairman for the graduation, minister Godwin Eboigbe and his team of P.T.S.A executive, chairman of the school board, Amb. Ike Basil and his team members, the school pastor, pastor victor Ogboghodo, the resident pastor, Rev. Jude Inyere, pastors of voice of freedom ministries, all ministers of the gospel here present, the representative of complete computers and technology, our parents or guardians, the administrator, management and staff, distinguished guests, ladies, and gentlemen.

I heartily welcome every one of you to yet another graduation and prize-giving ceremony. To us, this event is a way minder of our goals and objectives as a Christian school which is to raise future leaders and stock-taking as well educators that cherish positive learning and outcomes in the physical, mental, social, and spiritual fitness of our students and pupils according to Luke 2:52" And Jesus grew in wisdom and stature and favor with God and man".

With joy and gladness, I want to congratulate our graduating pupils and students, especially some of the outgoing SS3 students who started with us in kindergarten, through primary, and finally the secondary school level. They have through the years submitted themselves for proper and adequate tutelage both in academics, morals, and spiritual and practical skills. And to the outgoing senior students, I say go and conquer your world, manifest greatness, and rule amid your enemies as good ambassadors of Christ.

As I have reiterated earlier, we aim to raise future leaders and we have continued to pursue a sound Christ-centered education as the basis for human and societal development. This astonishing growth has translated into academic excellence and extracurricular rewards as our external examination results have recorded high credit passes.

Talking about extracurricular rewards, going down memory lane in 2013, October 23rd to be precise, the school received a high flyer award of academic excellence in recognition of her outstanding academic performance and commitment to quality education. Also, courtesy of READERS' RESORT INITIATIVE OF AFRICA, we

received a merit performance award on the 3rd of December,2016, and in the 2017/2018 edition of the competition for getting to the final stage. It will interest you to know that the school which is poised to build the character and skills of our children has since introduced a skills acquisition program into its curriculum and by September this coming session, we would bring in more professional skills such as fashion designing, hairdressing, shoe, and bag making in addition to cosmetology and cookery which are already being practiced.

Today we are graduating a total number of 51 students from the nursery, primary and secondary sections of the school. Also, we shall be giving out prizes to deserving pupils and students in all classes who have distinguished themselves in one subject area or the other.

At this point please permit me to once again appreciate our highly esteemed parents and guardians for believing in us and giving us their children. Also, my special thanks go to our able teachers who without them, our success story is not complete.

Special gratitude goes to the management of complete computers and technology for their consistency in giving awards to the overall best students in junior and senior school. Our partners in the banking world are not forgotten. I say a big thank you to the management of Zenith bank mission road branch. Also, our heart of gratitude goes to the Ministry of Education and the Edo state government for providing an enabling environment for private schools to soar high like ours which is an indication of your stand on eradicating illiteracy in Nigeria.

To our beloved daddy and mummy, proprietor and proprietress, I say thank you for the opportunity to serve. And finally, to God Almighty, I say Glory to you Lord for making today a reality.

Once again, ladies and gentlemen, I say welcome. Sit back and have a great day. Thank you all for coming and journey mercies to your various destination in Jesus' name, amen.

A Farewell Address

BY THE SCHOOL ADMIN
MRS STELLA ADELEKE

The amiable, loveable and credible my Lord Bishop, Dr. Abraham Chigbundu, the founder, Freedom Assembly Group of Schools, His all personate and Godly wife, Reverend Mrs. Chigbundu as the Proprietress, the school Pastor, the person of Pastor Victor Oghogodo; the honourable men and women of the school board, my able Principal, the person of Pastor Mrs. Josephine Iyamu, other respected Management of the School, the faring well and glorious students, our excellent parents, all invited honourable bodies, Ladies and gentlemen.

The year has been full of change; I say a big thank you to my team, who has continued our teaching culture, you are all incredibly dedicated and hardworking team. I appreciate your expertise and encouragement to all of the students. The team of Freedom Assembly Group of Schools will continue to provide modern teaching and learning practice, to the highest standard.

Dear graduands, I know you have all looked forward to this great occasion as it has been a long time coming so, from the depth of my heart; I congratulate you all in the momentous achievement. We have trained you and equipped you with life skill set, so we are releasing you to go into the world to smash those life goals impact your community, and to rule your world through your newly acquired knowledge and competencies you have indeed fought the good fight, you have finished a good course and you have kept the faith.

Leadership starts from you, leadership entails discipline, integrity, transparency and sense of humour, not only that but also fear of God. Allow yourself to be guided with good thoughts, your thought is your life, and your word is your world, so surround yourselves with good people so that you can be rewarded with a good harvest. I charge you to go and make a difference in your world. Always remember the good values and principles upon which this great institution is founded and be a good ambassador for your Alma matter.

No doubt, challenges will come. They will either frustrate or fast-track you. Do not convert your challenges to frustrations. Convert them to opportunities. I want you to remember that the people who will stand out are those who know what to do with those challenges. Today is not just a day to celebrate and make merry, it is also the best time to reflect, and if necessary, realign your actions so that you can indeed hit those set targets in a very short time after you leave here.

My dear graduating students, may I congratulate you again for coming this far. Trustfully, you have come this far by dint of hard work, commitment, dedication, and perseverance. You have all made us proud. I want you to see yourselves as change agents, academics, professionals, and entrepreneurs, who are ready to make that change.

The bond between the teachers and students are what makes our school special. Our students are excellent ambassadors in the community, whether on trips,

community events or on academic excursions. You can all be relied upon to represent the school with pride and dignity. I have been incredibly impressed with our students.

Although, not all are recognized formally at this prize giving, I know that they have all progressed so very much, both educationally and socially. I am proud of each and every one of you, it is important to remember, that no matter what, we celebrate all the achievements of our precious children, and support them to be the best that they can be. It is important to keep on learning and continue to develop individual talents while learning to get on with others, solve problem, be self motivated and inquisitive.

Think big always for so many people wants to be like you, don't be afraid of the future, take risk, if you fail, you will re-strategies and do not be afraid. Thomas Edison failed 999 times before he was able to invent electricity bulb in his 1000 attempts, never be discouraged in life, believe in yourself that you can do it.

Maximize any opportunity that comes your way, utilize your time well because time is money and it wait for no one, your better today will speak of your tomorrow. Stay away from bad friends because it doesn't take many rotten apples to ruin a harvest, so think carefully with how you spend your energy, how you spend your time with what matters, and who you spend it with. If you must be great, you must discipline yourselves and obey instructions, pray for wisdom so that your goals in life can be achievable.

To our beloved parents, I will implore you to train up these children in the way they should go, provoke them not (Ephesians 6:4) show them love and care and always pray for them, for a better society starts from home and homes makes families. They are your responsibilities and they are carrying your identities.

Class of 2022, as you step out of this auditorium today, I want to leave you with blessing, May your vision be realigned with God's purpose, May He guide your thoughts so that they bring glory to Him. May you be lifted with vision. May the strength of purpose lift you to make you a success. May God bless your hands and may all good things you put your hands to do proper. Amen.

As I always say, I'm looking forward to seeing you in the corridors of power. When we meet, I will shake your hands and say, Congratulations, you made it!

VALIDITY SPEECH BY THE HEAD BOY FAITH OSAYEMWENRE ODUDU

His lordship; Bishop (DR) Abraham Chibundu, proprietor Freedom Assembly Group of Schools and our proprietress Rev. (Mrs) Florence Chibundu, the chairman of this occasion, the principal Pst. Mrs Josephine Iyamu (JP), the school consultant Mrs. Stella Adeleke, all management staff, teaching and non-teaching staff, fellow graduating students, students, pupils and distinguished guests, ladies and gentlemen.

My name is Faith OsayemwenreOdudu and on behalf of the graduating students and pupils of this great citadel of learning, I welcome you all to this August occasion of the 16th graduation and prize-giving ceremony of our great school.

We thank the Almighty God for making this day a reality in our lives, and a day I will not forget in a hurry. I want to appreciate the school for the privilege given to me to be the school's head boy 2021/2022 session and the platform to deliver the head boy's speech.

This is my/our final year in the school and it is with mixed feelings of excitement and sadness to deliver this graduation prize-giving day speech. I am sad because I am leaving the school; I am going to miss the school activities, my great teachers, friends as well as the school's environment.

I am also excited and my fellow graduants especially the ss3 students are moving to a higher of academic pursuit and entering a new phase of our lives. Permit me to say that our years in this school has been filled with excitement because a lot has been imparted in us academically, spiritually, morally, socially and more.

We have been trained with the motto "Raising future leaders", and yes we are future leaders in the making. We will always see ourselves as good ambassadors of this great school. We will do all we can not to tarnish the integrity that has been inculcated in us over the years in this school. We will make our almatamaterproud of us. I want to admonish our incoming prefects to learn the good aspect from us and strive hard to perform better than us in the forth coming academic session.

Moreover, the journey in the school has been smooth, I have enjoyed some of the activities in my time here, especially in my junior school days. Activities such as cultural day, inter-house sports competition, social day etc. I am happy to recur that the school had a freedom week as well as the social day sometime last year term and presently the is planning to have her next inter-house sport competition by the second of the academic session.

I will not end this speech without appreciating our parents/guardians for investing their time, resources and all to bring us to this level.

At this juncture, I will love to thank you for your love and support towards us

SIX LEADERSHIP PRINCIPLES TO LEARN FROM AN EAGLE.

1. Eagles fly Alone and at High Altitudes - They don't fly with sparrows, ravens, and other small birds.

MEANING - Stay away from narrow-minded people, those that bring you down. Eagles fly with Eagles. Keep good company.

2. Eagles have an Accurate Vision - They have the ability to focus on something as far as 5km away. No matter the obstacles, the eagle will not move his focus from the prey until he grabs it.

MEANING - Have a vision and remain focused no matter what the obstacles and you will succeed.

3. Eagles do not Eat Dead things - They Feed only on Fresh Prey.

MEANING - Do not rely on your past success, keep looking for new frontiers to conquer. Leave your past where it belongs, in the past.

4. Eagles Love the Storm - When

clouds gather, the eagle gets excited, the eagle uses the storm's wind to lift itself higher. Once it finds the wind of the storm, the eagle uses the raging storm to lift itself above the clouds. This gives the eagle an opportunity to glide and rest its wings. In the meantime, all the other birds hide in the branches and leaves of the tree.

MEANING - Face your challenges head on knowing that these will make you emerge stronger and better than you were. We can use the storms of life to rise to greater heights. Achievers are not afraid to rise to greater heights. Achievers are not afraid of challenges, rather they relish them and use them profitably.

5. Eagles Prepare for Training - They remove the feathers and soft grass in the nest so that the young ones get uncomfortable in preparation for flying and eventually flies/ when it becomes unbearable to stay in the nest.

MEANING - Leave your Comfort Zone, there is No Growth there.

6. When the Eagle Grows Old - His feathers becomes weak and cannot take him as fast and as high as it should. This makes him weak and could make him die. So he retires to a place far away in the mountains. While there, he plucks out the weak feather.
